

# RIO 480 Sport

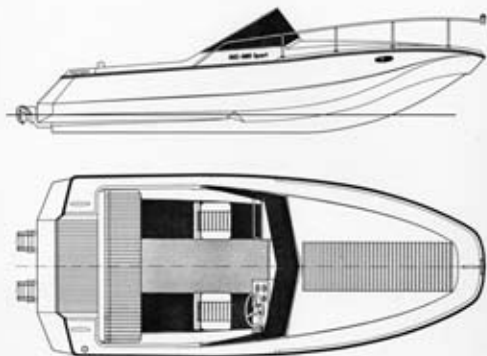

Special designed boat for speed in three version: with inboard jet motor - outboard motor or in-outdrive marine engine

# RIO 480 Sport

Here is the full «sportsmanship» boat: its smooth combination with engines allowing different speed-rates, the quickness and dynamism of the design, its essential and functional architecture requiring the minimum of maintenance care, all these things provide the coordinates that make RIO 480 Sport the ductile boat for all types of sea-sports (ski, sub, fishing) the ideal companion for all sunshine and water discovery.

# RIO 480 Sport
